OUR SEEDS are grown for seed only under our own rigid inspection and separated from the tomato by the proven disease control method, fermentation of the whole pulp. The greatest care is used that they shall be **true**, **pure** and **reliable**. Our stocks are from well chosen single plant selections, line bred and the fields frequently, carefully and thoroughly rogued.

Our climatic conditions enable us to produce crops more certainly than do many others and an excellent sample of strong viability.

We are equipped and prepared to serve you promptly, efficiently and well.

HAVEN SEED COMPANY.
